How to disable Toolchest drawers over size warning on PME startup

		ver. 9.8
EMERSON.	PAC Machine Edition	
SIM 6 Build 8695 Logic Developer - PC Logic Developer - PLC OPC Servers PAC Machine Edition View	Toolchest WARNING: The Toolchest drawers on your computer currently have a total size of approximately 559 megabytes, which may cause PAC Machine Edition to operate in an unpredictable manner. The ability to operate effectively with large Toolchests will be provided in a future version.	×
Initializing Services: Done		

This program is protected by U.S. and international copyright laws as indicated in "About" and/or other content or materials provided with the program.

- Step 1.) Launch Windows Registry Editor In Windows 10 Search "Regedit"
- Step 2.) Launch Regedit by "Run as Administrator"

Step 3.) Local the Key (ToolchestMaxSizeBytes) in the follow registry location

## Computer\HKEY\_LOCAL\_MACHINE\SOFTWARE\WOW6432Node\Taylor\Workbench\Configuration
